1. **Approved Budget Amounts:** List the approved budget amounts for Entitlement Funding only as they appear in the most current Funding Release Form or approved budget modification. Any changes to these amounts must be approved by the program office prior to invoicing. **If your budget contains discretionary funding, it must be invoiced separately and not included with your entitlement funding.**
2. **Total Amount Previously Invoiced:** This should equal the total expenditures to date amount from Section III, line 3 of the previous month's invoice. These totals include the totals from Column 4 of your previous month's invoice as well as any estimated expenditures from the previous month's invoice. If this is a first request, then there will be no previously invoiced expenditures. On all subsequent invoices this column should total the previous invoice's cumulative expenditures plus the previous invoice's estimated expenditures.
3. **Expenditures This Invoicing Period (Not Previously Invoiced or Estimated):** This should only include any NEW expenditure for the month you are submitting for. If you previously estimated expenditures, DO NOT report them again here (as they were already accounted for in last month's invoice). Additionally, if you have overestimated expenditures, please do not report negative numbers in the column, instead treat cash on hand as "zero" expenditures.
4. **Cumulative Expenditures:** Total Column 2 & Column 3; this will give you the total Cumulative Expenditures.
